# FTKA Jalin Kerjasama dengan KKM

Pemberita :  
Ts Dr Zahirzan Zakaria, Pensyarah Kanan

Pihak Kementerian Kesihatan Malaysia (KKM) di bawah Sektor Implementasi Projek, Bahagian Perkhidmatan Kejuruteraan yang diketuai oleh Timbalan Pengarah, En Huszian bin Husin telah bersetuju melantik Fakulti Teknologi Kejuruteraan Awam (FTKA) sebagai perunding dibawah skim Penswastaan Perkhidmatan Sokongan Hospital (PSH) – *Sustainable Program (SP)* bagi kajian yang bertajuk *A Case Study: Building Information Modelling (BIM) as a Tool to Achieve a Sustainable Development*. Pusat Hemodialisis di Hospital Pekan dijadikan sebagai kajian kes dibawah program ini. Kajian ini terbagi kepada dua fasa, dimana bagi fasa 1 yang akan berakhir pada 2021, FTKA akan membangunkan model 3D BIM bagi pusat hemodialisis, selain itu FTKA juga akan menyempurnakan *Pre-Construction Dilapidation Survey Report, BIM Execution Plan (BEP), Construction Data and Information Review Report* dan *2D and 3D BIM Construction Data and Information Review Report for Architecture, Civil and Structure (C&S) and Mechanical, Electrical and Plumbing (MEP)*. Manakala bagi fasa 2 yang akan bermula pada tahun 2022, FTKA akan menyiapkan laporan berkenaan keberkesanan penggunaan alatan teknologi bagi membantu penyiapan projek seperti penggunaan *drone, 3D laser scanning, Enhancing healthcare facility design with Virtual Reality (VR)/Augmented Reality (AR),* dan *VR/AR project simulator for doctors*. Bagi menjayakan kajian ini, pihak KKM akan menghantar 5 orang kakitangannya untuk menyambung pengajian diperingkat pasca ijazah dimana seorang akan mendaftar diperingkat doktor falsafah manakala 4 orang akan mendaftar diperingkat sarjana. Dengan adanya kerjasama antara KKM dan FTKA, ianya akan membuka lembaran baru bagi FTKA terutamanya berkaitan dengan pembinaan *healthcare*. Semoga kajian ini akan dapat mengurangkan jurang antara pihak akademik dengan pihak industry sekali gus dapat dipraktikkan di sesi pengajaran dan pembelajaran di bilik kuliah seiring dengan semangat *bringing industry to the classroom*.

# Bengkel Sepanjang Ogos 2021

**Ogos 2021** – Bagi meningkatkan kualiti dan kemahiran staf, FTKA telah menganjurkan pelbagai bengkel sepanjang Ogos 2021.

The banner features the Universiti Malaysia PAHANG logo at the top left. The title 'FACULTY OF CIVIL ENGINEERING TECHNOLOGY' is at the top right. Below it is a section titled 'Concept, Criteria & Output of Matching and Product Development Grant' presented by Associate Professor Dr. Abdul Adam Abdullah, Dean of Industry, Research and Innovation Department, UMP. Below that is a section titled 'Product And Commercialization Action Plan' presented by Associate Professor Dr. Ahmad Tarmizi Haron, Dean of Commercialization, Research and Innovation Department UMP. At the bottom is a section titled 'Refreshing on Guidelines for Postgraduate Research Studies' presented by Associate Professor Dr. Azrina Abd Aziz, Deputy Dean (Research and Postgraduate Studies) FTKA. Each section includes a video camera icon and a portrait of the speaker.

# Schedule Waste Management at the Construction Site

Reporter:  
Dr. Mohammad Adam Adman

9 September 2021 - Pengajuran program kesedaran alam sekitar "Scheduled Waste Management at the Construction Site" adalah oleh pihak konsultan iaitu Sub-Contractor A.K. Environmental Management Services dengan kerjasama pihak JKR Negeri Pahang. Seramai 19 orang peserta menghadiri program ini secara dalam talian yang terdiri daripada para pegawai JKR dan warga kerja kontraktor dari Urtec Team (M) Sdn Bhd. Program selama separuh hari ini telah diadakan kepada para kontraktor yang terlibat dalam projek "Membina dan Menyiapkan Baki Kerja Kompleks Mahkamah Syariah Negeri Pahang, Kuantan, Pahang Darul Makmur". Program ini meliputi aspek pengurusan buangan berjadual di tapak pembinaan dengan mematuhi keperluan perundangan Akta Kualiti Alam Sekeliling 1974 yang telah disampaikan oleh Dr. Mohammad Adam Adman (UMP) bersama moderator En. Anas Kamalludin (AK Environmental Management Services).
